

ICE 16

Graduate Course in Insect Chemical Ecology* Jena, Germany, June 27th to July 8th, 2016

*the ICE course series is co-organized with Swedish University of
Agricultural Sciences and Penn State University

Chemical Ecology - a multidisciplinary approach -

With special focus on: plant-insect interactions, the neurobiology of behavior and brain circuitry in insects. Further topics: Pheromones, olfactory receptors, sensory physiology and multimodal processing, plant and insect evolution, chemical methods, insects and diseases, new and upcoming applications.

Begin of Registration February 03, 2016

Registration Deadline April 30, 2016

**Poster Title and Abstract
Submission Deadline** Mai 15, 2016

Confirmed Lecturers

Anton, Sylvia	Hummel, Thomas
Baker, Tom	Kadow, Ilona
Baldwin, Ian T.	Knaden, Markus
Beran, Franziska	Krieger, Jürgen
Beutel, Rolf	Kost, Christian
Bisch-Knaden, Sonja	Olsson, Shannon
Braecker, Lasse	Rössler, Wolfgang
Cardé, Ring	Rybak, Jürgen
Dekker, Teun	Sachse, Silke
Fiala, Andre	Sandoz, Jean-.C.
Grosse-Wilde, Ewald	Steck, Kathrin
Hansson, Bill	Störtkuhl, Klemens
Harzsch, Steffen	Szyszka, Paul
Hiesinger, Robin	Stengl, Monika
Hilker, Monika	Svatoš, Aleš
Hill, Sharon	Vogel, Heiko
Hillbur, Ylva	Wicher, Dieter
Hillier, Kirk	

Course organizers

Ewald Grosse-Wilde, Bill Hansson, Markus Knaden, Jürgen Rybak, Silke Sachse, Dieter Wicher
